

July 2016

In the spring of 2015 my wife and I asked for bids on a custom home in St. Charles Idaho from three different contractors in the Bear Lake area. After closely evaluating the different bids we received we chose Reid Stewart / Bear Lake Log Homes as our contractor. He helped us from day one to obtain all the necessary permits and to understand the local requirements of completing our project.

Throughout the construction project, Reid has made himself available to help us and answer questions and has kept us in the loop every step of the way. We have been on time and on budget and are very pleased with the way the project came together.

My wife and I have commented to each other on several occasions that we are very happy that we chose Bear Lake Log Homes as our contractor. Reid's knowledge and professionalism have allowed us to complete our project in a manner that has exceeded our expectations.

I would recommend Bear Lake Log Homes to anyone wishing to use a quality builder at a very reasonable price.
