Reid and Terry Stewart
Bear Lake Log Homes
11 North Main
Bloomington, Idaho 83223

Dear Reid and Terry:

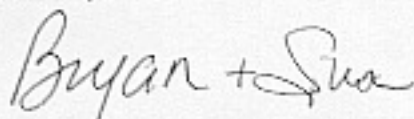

Susan and I would like to thank you again for the wonderful log cabin you built for us near Bear Lake! We hope to spend many weekends there this winter, enjoying the warmth of the wood-burning stove.

The cabin actually turned out better than we could have imagined -- the PrecisionCraft log package is sturdy and attractive, trim work you did around the logs and at the ceiling are living proof that craftsmanship is alive and well in Idaho, and the red oak floor you installed is beautiful. Your practical advice on how to situate the cabin to best take advantage of the scenery is responsible for the spectacular view we have of the mountains, a fringe benefit that did not come with the log package.

Please know that Bear Lake Log Homes has our honest appreciation for your work and craftsmanship, your good taste, and your good humor. Your upbeat attitude will serve you well in dealing with situations that sometimes develop in a world where Murphy's Law is the rule.

Bear Lake Log Homes receives our highest recommendation. Feel free to refer any potential clients to us for an honest evaluation of your work; we left you with both a key to our cabin and our permission to show the cabin to your potential clients if you wish. We hope to see you and continue to do business with you in the future.

Sincerely,

Bryan Brown and Susan Jones
