

March 7, 2001

Dear Reid and Terry.

We love our new log home! Everything turned out just the way we hoped it would. We looked at other log homes and builders before we chose your company, however, we really like the quality and look of Precision Craft logs and the way you construct your homes. Thanks for getting it done when you said you would.

We like our log home so much that it is hard to go home after the weekend. We really enjoyed working with both of you and look forward to continuing our friendship in the coming years.

Sincerely,

A handwritten signature in cursive script that reads "Jerry & Sheryl Spruit". The signature is written in black ink and is positioned to the right of the word "Sincerely,".

P.S. Sorry it took so long to get this to you! We kept forgetting to do it.
